## Summary

I am a Software Engineering student at Daffodil International University with a strong foundation in front-end development, data analysis, and project management. I have hands-on experience working on projects like *cycle zen*, where I applied my technical skills to build user-centric solutions. Additionally, my role as a Website Data Analyst at Ranstech Solutions helped me refine my problem-solving abilities and enhance my collaboration skills. Passionate about technology, I aspire to contribute to innovative digital projects and grow into a leadership role in the tech industry.

## Experience

Nov 2023	july -2024	<div><div>●</div><div><b>Data Analyst</b> ranstechsollutions At Ranstech Solutions, I was responsible for collecting, analyzing, and optimizing website data to enhance user experience and performance. I worked closely with cross-functional teams to improve content accuracy and streamline data processes.</div></div>
(Aug 2024 -	Jan2025)	<div><div>●</div><div><b>Customer Support Executive (Contractual)</b> Ranstechsollutions  Ensured data accuracy using Google Workspace tools. Resolved software issues via remote desktop tools. Logged feedback in Google Sheets to enhance service quality. Handled weekend and holiday shifts with flexibility. Shared client insights to boost product usability. Consistently met performance targets.</div></div>

## Education

2022 -	2025	<div><div>●</div><div><b>Daffodil International University</b> Bsc In Software Engineering CGPA - 3.25 I specialize in front-end development, data analysis, and user-centered design. I focus on building interactive web applications using technologies like HTML, CSS, JavaScript, and Flutter, with a strong emphasis on creating scalable e-commerce platforms and service-oriented apps.</div></div>
HSC	2018-2020	<div><div>●</div><div><b>Panchpotol Degree college</b> Science GPA- 4.67</div></div>
SSC	2016-1017	<div><div>●</div><div><b>Chaperkona Mohes Chandra High School</b> Science GPA- 4.89</div></div>

<b>Present Adress</b>	Savar,Dhaka
<b>Permanent Adress</b>	SarishaBari, Jamalpur, Mymensingh

## Projects

<b>CycleZen – Bicycle E Shop</b> 📅 Jan 2025   May 2025 🔗 <a href="#">Project Link</a> <i>Front-End Developer</i> Developed a responsive e-commerce website for bicycles with product listings, cart functionality, and checkout simulation.	<b>CampusCart – University Marketplace</b> 📅 May 2025   Oct 2025 <i>Team Project Lead / Developer</i>
---	---

Designed a digital marketplace for university students to buy/sell used goods and services within campus. This project is ongoing

Sarisabari Tottho Seba – Local Service App

📅 Apr 2025   Dec 2025

Currently developing a mobile app to help residents of Sarisabari Upazila access essential local services, including hospitals, clinics, police, fire stations, and a digital GD (General Diary) feature.

📌 *Aiming to support and empower the local community through accessible service information*

Portfolio

📅 May 2024   Sep 2024

🔗 [Project Link](#)

Created a personal portfolio website to showcase projects like CycleZen, Sifat E Commerce, and Sarisabari Tottho Seba, highlighting my front-end skills and focus on user-centered, real-world solutions.

Achievements

Project Showcasing Champion

Developed a responsive e-commerce platform for bicycles, featuring product listings, a shopping cart, and checkout simulation. Awarded champion in the course's project showcasing for innovative design and user experience.

Responsibility

Ranstech

Website Data Analyst

At Ranstech Solutions, I was responsible for collecting, analyzing, and optimizing website data to enhance user experience and performance. I worked closely with cross-functional teams to improve content accuracy and streamline data processes.
